

## INFRASTRUCTURE

### Physics lab

This lab has facilities like power supply, ammeter, voltmeter, screw gauge, vernier calipers, Travelling microscope, Spectrometer, Diodes, galvanometer, Resistance, Sono meter, Logic gates.

### Chemistry lab

This lab has facilities like Burette, Pipette, Conical flask, Test Tube, Boiling Tube, Wash Bottle, Reagents Bottles, Test Tube Holder, Spatula, PH Meter, TDS Meter, Bunsen Burner, Chemical Weight Balance.

## Workshop

This workshop has facilities like Bench Vice, Flat file, Try square, Hacksaw frame, Hammer, Dot punch, Drilling machine, Cutting pliers, Screw driver, Wire, switch, PVC pipe, Gate valve, Elbow, Reducer.

## Communication Skill Practical

This lab has facilities like Projector, Computer with Internet connection, Standard English Newspaper, White board with marker, Story Books and DVD Player.

## Computer lab

This lab has facilities like Desktop Computers, Laser printer, Window Operating System and MS-Office Package.
