Outcome Based Education(OBE)

Our institution is practicing Outcome Based Education(OBE) which is student-centered instruction model that focuses on measuring student performance through outcomes. Outcomes include knowledge, skills and attitudes.

In the OBE model, the required knowledge and skill sets for a particular diploma programme is predetermined and the students are evaluated for all the required parameters (Outcomes) during the course of the program.

The OBE model measures the progress of the graduate in four parameters, which are Program Educational Objectives (PEOs), Program Specific Outcomes (PSOs), Program Outcomes (POs) & Course Outcomes (COs).

Program Educational Objectives (PEOs) are broad statements that describe the career and professional accomplishments that the program is preparing the graduates to achieve. PEO's are measured 4-5 years after graduation. Program Specific Outcomes(PSOs) are the statements that describe what the graduates of specific engineering program should be able to do.

Program Outcomes(POs) are narrower statements that describe what students are expected to know and be able to do by the time of graduation. Course Outcomes(COs) are the measurable parameters which evaluates each students performance for each course that the student undertakes in every semester.

The teaching learning process and assessment are being carried out in accordance with the revised Bloom's Taxonomy.

According to revised Bloom's taxonomy, the levels in cognitive domain are as follows:

| Level | Descriptor | Level of Attainment |
|-------|---------------|---|
| 1 | Remembering | Recalling from memory of previously learned material |
| 2 | Understanding | Explaining ideas or concepts |
| 3 | Applying | Using information in another familiar situation |
| 4 | Analysing | Breaking information into part to explore Understandings & relationship |
| 5 | Evaluating | Justifying a decision or course of action |
| 6 | Creating | Generating new ideas, products or new ways of Viewing things. |

SCHEME OF EXAMINATION - AUTONOMOUS

II & III Year

Autonomous Examinations in all courses of all semesters under the scheme of examination will be conducted at the end of each semester.

The sessional in all the courses will be awarded on the basis of continuous internal assessment made during the semester concerned. For each course 25 marks are allotted for internal assessments and 75 marks are allotted for Autonomous Examination.

Subject: Accreditation status of programs applied by Periyar Centenary Polytechnic College, Periyak Nagar, Vallam, Thanjavur- 613 403, Tamil Nadu.

Sir,

This has reference to your application I.D. No. 5841-02/08/2021 seeking accreditation by National Board of Accreditation to Diploma Engineering programs applied by **Periyar Centenary Polytechnic College, Periyak Nagar, Vallam, Thanjavur- 613 403, Tamil Nadu.**

2. An Expert Team conducted onsite evaluation of the programs from 20th to 22nd January, 2023. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The Competent Authority in NBA has approved the following accreditation status to the programs as given in the table below:

| Sl. No. | Name of the Program(s) (Diploma) | Basis of Evaluation | Accreditation Status | Period of validity | Remarks |
|---------|---|------------------------|---|--|---|
| (1) | (2) | (3) | (4) | (5) | (6) |
| 1. | Computer Engineering | January, 2019 Document | Accredited (593 marks awarded by the Visiting Team increased to 603 as per the observations made and indicated in the Annexure to this letter) | Academic Years 2023-2024 to 2025-2026 i.e. upto 30-06-2026 | Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the Competent Authority, whichever is earlier |
| 2. | Electronics & Communication Engineering | | Accredited | | |
| 3. | Mechanical Engineering | | Accredited | | |
| 4. | Electrical & Electronics Engineering | | Accredited | | |

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The programs have been granted accreditation for 3 years. **Periyar Centenary Polytechnic College, Periyak Nagar, Vallam, Thanjavur- 613 403, Tamil Nadu** should submit the Compliance Report at least six months before the expiry of validity of accreditation mentioned above to be eligible to be considered by the concerned Committee in NBA for further processing of the accreditation status.

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to **Periyar Centenary Polytechnic College, Periyak Nagar, Vallam, Thanjavur- 613 403, Tamil Nadu** as a whole. **As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously.** Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.

7. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation.
